Texas Veterans Commission Launches *Veterans Cash* Campaign

TYLER – Today the Texas Veterans Commission (TVC) launched the *Veterans Cash* campaign to encourage Texans to play the *Veterans Cash* lottery scratch-off game, which benefits the TVC Fund for Veterans' Assistance (FVA) and supports Veterans in local communities.

The proceeds from the lottery game are the main source of revenue for the FVA, which is a program that awards reimbursement grants to non-profit and local government organizations which provide direct services to Texas Veterans and their families.

“According to the Texas Lottery Commission, the overall odds of winning any prize in the newest \$2 *Veterans Cash* game are 1 in 4.47,” said Kathy Wood, Director of the Fund for Veterans' Assistance at TVC. “The odds of the purchase of a Veterans Cash scratch-off game benefitting a Texas Veteran are 1 in 1.”

As of October 2012, the FVA has awarded three reimbursement grants to three organizations totaling \$300,000 in the East Texas region. Through these funds, the FVA awardees have served over 450 Veterans living in this region.

With a grant provided through the FVA, the Andrews Center in Tyler provides Post-Traumatic Stress Disorder and family counseling and will serve over 100 Veterans, spouses, and their families. Licensed counselors provide services in their client's county of residence. During the initial counseling session, the counselor develops a treatment plan that guides the counseling process for twelve sessions.

The campaign will run until Veterans Day, when TVC will commemorate the third anniversary of *Veterans Cash* during the Veterans Day ceremony at the Capitol.
